

Mini Season Tournament July 29th & 30th

This year we have spiced up our event. Instead of bringing just your bugs to be weighed you must bring in at least one lionfish too! We need to get these fish out of the water and on to your plates.

They are GREAT to eat and they are bad for our fragile ecosystem!!

We are not only going to help out the health of our reef this year... We are teaming up with Sanctuary Friends Foundation

We are donating 50% of all entry fees and 100% of all raffle collections directly to the foundation

This foundation is responsible for everything from maintaining the buoys in the sanctuaries to coral restoration and scientific research both in shallow and deep waters that that we dive in. Our sponsorship this year is off the hook. Whether you are avid bug collectors or you just want to help out a great cause you should participate. All participants receive a cool hat (\$20+ value) and an entry in our raffle. We will have so many categories to win and raffles to give away, it would be hard to walk away empty handed!
